DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1, 3-4, 6 and 9-10 are rejected under 35 U.S.C. 103(a) as being unpatentable over Chun, 6,643,218.

Chun, 6,643,218, discloses in Fig. 1 Prior Art a DRAM device comprising:
memory cell array 50;
command buffer 20 receiving clock signal CLK and signals /CS, /RAS, /CAS and /WE to generate internal precharge signal PREI;
precharge circuit 60.

What is not shown in Chun, 6,643,218, is the feature of at least an active signal to activate one of the row as recited in claims 1, 3, 6 and 9-10.

However, the signal /RAS is well known in the art as being row address strobe signal which is an active signal to activate rows in the memory device, therefore, claims 1, 3, 6 and 9-10 would have been rendered obvious over Chun, 6,643,218.

Allowable Subject Matter

3. Claims 2, 5, 7-8 and 11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
